Say No to CO!

- Protect yourself and your family from carbon monoxide poisoning (CO) when using portable generators and pressure washers. (See other side for tips on protection.)
- You cannot see or smell CO, but it can kill you or make you sick.
- CO poisoning can occur in minutes.
- Install a battery operated CO alarm near the bedrooms.

Recommendations from the Centers for Disease Control and Prevention
Get out of the house and seek medical help immediately if you or a family member have these symptoms!

Say NO to CO!
(CO, carbon monoxide, is a poisonous gas)

BE SAFE:

✓ Never use the generator indoors or in a garage, carport, or basement.
✓ Put the generator outside and away from doors, windows, and vents.
✓ Read product directions for other safety tips.
✓ Chain the generator to a tree or other fixed object to prevent theft.
✓ Look for symptoms of CO poisoning:
  - Headache
  - Fatigue
  - Dizziness
  - Nausea/vomiting
  - Confusion
  - Seizures
  - Loss of consciousness
