COCA Products & Services

		COCA Call
		CDC Clinician Outreach and Communication Activity

COCA Call Announcements contain all information subscribers need to participate in COCA Calls. COCA Calls are held as needed.

		COCA Learn
		CDC Clinician Outreach and Communication Activity

Monthly newsletter that provides information on CDC training opportunities, conference and training resources, the COCA Partner Spotlight, and the Clinician Corner.

		Clinical Action
		CDC Clinician Outreach and Communication Activity

As-needed messages that provide specific, immediate action clinicians should take. Contains comprehensive CDC guidance so clinicians can easily follow recommended actions.

COCA Products & Services

The logo for COCA Digest features a 2x2 grid of icons: a blue circle with a white eye, a red circle with a white stethoscope, a green circle with a white syringe, and an orange circle with a white biohazard symbol. To the right of the icons is a purple horizontal bar with the text "COCA Digest" in white, and below it, the text "CDC Clinician Outreach and Communication Activity" in purple.

COCA Digest
CDC Clinician Outreach
and Communication Activity

Monthly newsletter that provides updates on emergency preparedness and response topics, emerging public health threat literature, resources for health professionals, and additional information important during public health emergencies and disasters.

The logo for COCA Now features a 2x2 grid of icons: a blue circle with a white eye, a red circle with a white stethoscope, a green circle with a white syringe, and an orange circle with a white biohazard symbol. To the right of the icons is an orange horizontal bar with the text "COCA Now" in white, and below it, the text "CDC Clinician Outreach and Communication Activity" in orange.

COCA Now
CDC Clinician Outreach
and Communication Activity

Informs clinicians of new CDC resources and guidance related to emergency preparedness and response. This email is sent as soon as possible after CDC publishes new content.

CDC's primary method of sharing information about urgent public health incidents with public information officers; federal, state, territorial, and local public health practitioners; clinicians; and public health laboratories.
