This issue contains guidance documents relevant to current public health events and information from December 15 – December 22.

**Coca Updates** are disseminated biweekly. More frequent distributions may occur when there is emergency information or an event-specific update to share. The next COCA Update is scheduled for December 29.

For questions about these or other clinical issues, please write to us at coca@cdc.gov.

Infectious, Vector-Borne, and Zoonotic Diseases
Seasonal Influenza

What You Should Know for the 2014-2015 Influenza Season

Information for Health Professionals
http://www.cdc.gov/flu/professionals/index.htm

Weekly Flu View – December 19 (CDC)
Flu View is a weekly influenza surveillance report prepared by CDC’s Influenza Division. All data are preliminary and may change as CDC receives more reports.
www.cdc.gov/flu/weekly/

Planning and Preparedness: Health Professionals and Seasonal Flu – (HHS)
Healthcare providers play an important role during flu season. The following guidance and information will assist healthcare providers and service organizations to plan and respond to seasonal flu.
www.flu.gov/planning-preparedness/hospital/index.html

Travel Safety

Current Travel Warnings – December 19 (U.S. Department of State)
The U.S. Department of State issues Travel Warnings when long-term, protracted conditions make a country dangerous or unstable. Travel Warnings recommend that Americans avoid or carefully consider the risk of travel to that country. The State Department also issues Travel Warnings when the U.S. government’s ability to assist American citizens is constrained due to the closure of an embassy or consulate or because of a drawdown of State Department staff.

Food, Drug, and Device Safety

NEW: FDA Investigates Multistate Outbreak of Salmonella Enteritidis Linked to Mung Bean Sprouts Produced by Wonton Foods Inc. of New York
The U.S. Food and Drug Administration along with the Centers for Disease Control and Prevention (CDC) and state and local officials are investigating a multi-state outbreak of Salmonella Enteritidis infections. We are moving quickly to learn as much as possible and prevent additional people from becoming ill. We recognize that people will be concerned about this outbreak, and we will continue to provide updates and advice.
www.fda.gov/Food/RecallsOutbreaksEmergencies/Outbreaks/ucm424426.htm

MedWatch: The FDA Safety Information and Adverse Event Reporting Program – (FDA)
MedWatch is your Food and Drug Administration (FDA) gateway for clinically important safety information and reporting serious problems with human medical products.
www.fda.gov/Safety/MedWatch/default.htm

FoodSafety.gov: Reports of FDA and USDA Food Recalls, Alerts, Reporting, and Resources – (HHS/USDA/FDA/CDC/NIH)
FoodSafety.gov lists notices of recalls and alerts from both FDA and the U.S. Department of Agriculture. Visitors to the site can report a problem or make inquiries.
