MEDICAL COUNTERMEASURES FOR RADIATION EXPOSURE AND CONTAMINATION

CBWB2478

PROGRAM DESCRIPTION: CD ROMs are designed to increase knowledge and change competency of clinician, emergency responder, and health professional practices and strategies. Content is derived from actual radiation emergency research, studies, lessons learned, and practices.

OBJECTIVES:

At the conclusion of the session, the participant will be able to:

Medical Countermeasure Module Objectives are:
- Define 3 differences between radiation exposure and contamination. (Radiation Concepts)
- Identify 4 main concepts for triaging individuals with potential internal contamination. (Triage)
- Describe the appropriate use of potassium iodide. (KI)
- Describe the appropriate use of administering Diethylene Triamine Pentaacetic Acid. (DTPA)
- Describe the appropriate use of Prussian Blue. (Prussian Blue)
- Describe the appropriate use of colony stimulating factors. (CSF)
- List instances when to use clinical decision guides in medical countermeasure treatment. (Clinical Decision Guides)

FACULTY/ CREDENTIALS:
Adam Pomerleau, MD, AMD - Georgia Poison Control Center; APEM – Emory University

ORIGINATION DATE: January 30, 2015
RENEWAL DATE: January 30, 2017
EXPIRATION DATE: January 30, 2019

ACCREDITATION STATEMENTS:

CME: The Centers for Disease Control and Prevention is accredited by the Accreditation Council for Continuing Medical Education (ACCME®) to provide continuing medical education for physicians.

The Centers for Disease Control and Prevention designates this enduring material for a maximum of 1.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CNE: The Centers for Disease Control and Prevention is accredited as a provider of Continuing Nursing Education by the American Nurses Credentialing Center's Commission on Accreditation.

This activity provides 1.3 contact hours.

CEU: The Centers for Disease Control and Prevention is authorized by IACET to offer .1 CEU's for this program.

1.6.2015
CECH: Sponsored by the Centers for Disease Control and Prevention, a designated provider of continuing education contact hours (CECH) in health education by the National Commission for Health Education Credentialing, Inc. This program is designated for Certified Health Education Specialists (CHES) and/or Master Certified Health Education Specialists (MCHES) to receive up to 1.5 total Category I continuing education contact hours. Maximum advanced level continuing education contact hours available are 0. CDC provider number GA0082.

CPE: The Centers for Disease Control and Prevention is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

This program is a designated event for pharmacists to receive 1.38 Contact Hours in pharmacy education. The Universal Activity Number is 0387-0000-17-067-H01-P.

Category: This activity has been designated as Knowledge-Based.

Once credit is claimed, an unofficial statement of credit is immediately available on TCEOnline. Official credit will be uploaded within 60 days on the NABP/CPE Monitor.

DISCLOSURE: In compliance with continuing education requirements, all presenters must disclose any financial or other associations with the manufacturers of commercial products, suppliers of commercial services, or commercial supporters as well as any use of unlabeled product(s) or product(s) under investigational use.

CDC, our planners, content experts, and their spouses/partners wish to disclose they have no financial interests or other relationships with the manufacturers of commercial products, suppliers of commercial services, or commercial supporters. Planning committee reviewed content to ensure there is no bias.

Content will not include any discussion of the unlabeled use of a product or a product under investigational use with the exception of Adam Pomerleau’s discussion of colony stimulating factors and Prussian Blue. He will be discussing the use of colony stimulating factors and Prussian blue for treatment purposes in a radiation emergency, under an Emergency Use Authorization if granted by the FDA.

CDC did not accept commercial support for this activity.

1.6.2015
To receive continuing education (CE):

Complete the activity
Complete the Evaluation at  www.cdc.gov/TCEOline
Pass the posttest at 87 % at  www.cdc.gov/TCEOline

FEES: No fees are charged for CDC's CE activities.
